**Omagine Signs Multi-Billion Dollar Agreement with Oman**

NEW YORK, October 2, 2014 – Omagine, Inc. (OTCQB: OMAG) today announced that its 60% owned subsidiary, Omagine LLC has signed a Development Agreement (“DA”) with the Government of the Sultanate of Oman (“Oman”).

Omagine, Inc. (the “Company”) organized Omagine LLC under the laws of Oman to design, develop, own and operate a tourism and real-estate development project in Oman named the Omagine Project. The Omagine Project is estimated to cost approximately \$2.5 billion to design, develop and construct.

The Omagine Project is planned to be an integration of cultural, entertainment and residential components, including: hotels, commercial buildings, retail establishments and more than two thousand residences to be developed for sale. It will be developed on one million square meters (245 acres) of beachfront land (the "Omagine Site") facing the Gulf of Oman just west of the capital city of Muscat and approximately six miles from Muscat International Airport.

Omagine LLC owns the Omagine Project which, over the next several years, is projected to generate exceptional cash flow to the Company and the other Omagine LLC shareholders. The Company owns 60% of Omagine LLC.

The other Omagine LLC shareholders are:

- i. the office of Royal Court Affairs (“RCA”), which owns 25%, and
- ii. two subsidiaries of Consolidated Contractors International Company, SAL (“CCIC”), which collectively own 15%.

The Company, RCA and the two CCIC subsidiaries are parties to a legally binding Shareholder Agreement which, among other things, provides for:

- i. initially capitalizing Omagine LLC at 150,000 Omani Rials [\$390,000], and
- ii. increasing Omagine LLC’s capital to 26,988,125 Omani Rials [\$70,169,125] within a 6 to 12 month period following the signing of the Development Agreement, and
- iii. a payment-in-kind investment of the land constituting the Omagine Site (the “PIK”).

The value of the PIK investment will equal the value to Omagine LLC of the approximately 245 acres of beachfront land constituting the Omagine Site which His Majesty the Sultan owned and transferred to the Government for the specific purpose of developing it into the Omagine Project.

The value of the PIK will be determined by a professional valuation expert in accordance with Omani law and with the concurrence of Omaxine LLC's independent auditor, Deloitte & Touche, (M.E.) & Co. LLC. The value of the land constituting the Omaxine Site is conservatively but informally estimated by local real-estate brokers to be in excess of \$700 million.

The legally binding contract between the Government and Omaxine LLC governing the design, development, construction, management and ownership of the Omaxine Project and the use and sale by Omaxine LLC of the land constituting the Omaxine Site is the Development Agreement which the Government and Omaxine LLC signed on October 2, 2014.

"We are tremendously pleased with today's signing of the Development Agreement and are anxious to now begin the development of the Omaxine Project." said the Company's president, Frank J. Drohan.

Drohan continued, "Our mission is to develop, own and operate innovative tourism projects with components that are thematically imbued with culturally aware, historically faithful, and scientifically accurate entertainment experiences. We design the tourism elements to provide modern, stylish and entertaining experiences while highlighting the world's great cultures, art, music, heritage, science and philosophy. We expect the Omaxine Project to be the archetype for our future projects in the Middle East and North Africa."

#### **About the office of Royal Court Affairs.**

The office of Royal Court Affairs ("RCA") is an Omani organization representing the interests of His Majesty, Sultan Qaboos bin Said, the ruler of Oman.
